Professional Web Links:

[LinkedIn Profile](#) [GitHub Profile](#) [Docker Profile](#) [Portfolio](#)

A solid foundation in DevOps and Cloud Engineering, equipped with hands-on experience in cloud platforms like AWS. Adept at deploying and managing applications in cloud environments, with a demonstrated ability to collaborate effectively within teams. Possesses strong analytical skills and a proactive approach to problem-solving, eager to contribute to organizational success and drive innovation in DevOps and cloud technologies. Seeking to leverage academic achievements and practical skills to make valuable contributions to a dynamic team focused on technological excellence and operational efficiency.

PROFESSIONAL SUMMARY

- Cloud Engineer proficient in AWS services—including EC2, Lambda, Elastic Beanstalk, DynamoDB, CloudWatch, and SNS.
- Skilled in designing, deploying, and managing scalable cloud architectures with strong expertise in Kubernetes for container orchestration.
- Proficient in Git for version control and collaboration.
- Solid background in networking, ensuring secure and efficient cloud environments.
- Experienced in scripting with Bash to automate infrastructure tasks. STEM background provides a strong analytical foundation for optimizing cloud operations.
- Strong focus on Continuous Integration and Continuous Delivery (CI/CD) practices.
- Expertise in collaborating with cross-functional teams to enhance system performance and scalability.
- Passionate about leveraging automation to drive innovation and success.

SKILL SET

- Public Cloud: AWS
- AWS Services: EC2, VPC, Storages (S3, EBS, EFS), Lambda, Elastic Load Balancer, Auto-Scaling.
- DevOps Tools: Docker, Kubernetes, Jenkins, GIT, Ansible, Maven, Docker, Terraform, Nagios.
- Programming language: Shell Script, PowerShell.
- Operating System: Windows, Ubuntu, Amazon Linux.
- Database: MySQL, RDS, DynamoDB, Amazon Redshift (Warehouse)
- Sales Skills: Communication, Negotiation, Product Knowledge, Customer Relation Management, Time Management, Analytical Skills.
- Management Skills: Leadership, Decision Making, Conflict Resolution, Strategic Thinking, Financial Management, Team Building, Problem Solving.
- Visualization: Power BI
- Other Skill Sets: MS Office, Instat,

CERTIFICATION & TRAININGS

- AWS Certified Cloud Practitioner.
- AWS Certification Course From Intellipaat.
- DevOps Course Certification From Intellipaat.
- AWS Cloud Practitioner Essentials Certification

PROFESSION PROJECT

- Implemented a fully automated continuous deployment pipeline for a microservices-based application, leveraging cloud-native tools and DevOps principles to ensure seamless deployment, scalability, and reliability.
- Designed and implemented CI/CD pipelines using Jenkins to automate build, test, and deployment processes for microservices.
- Set up an Application Load Balancer (ALB) in AWS to distribute traffic across multiple instances of a containerized application, improving fault tolerance and responsiveness.
- The Text-to-Speech (TTS) Converter project is designed to convert written text into spoken words using a serverless architecture, leveraging AWS Lambda and Amazon Polly. This solution is ideal for creating scalable, efficient, and cost-effective applications that require natural-sounding speech synthesis.
- Designed and implemented a scalable and secure web application architecture using AWS services, following a three-tier model to separate presentation, application, and database layers.

PROFESSIONAL WORK EXPERIENCE

KEY ACCOUNT MANAGER

(DEC/2021 – MAR/2024)

ZOMATO PVT LIMITED

Roles and Responsibilities

- Managing the launched Cities in West Bengal and Uttar Pradesh.
- From onboarding the Restaurants to Making them grow in Zomato along with solving their problems in real time.
- Keeping track of 250+ Restaurant's Online Businesses and Developing strategies to grow accounts, increase revenue, and achieve sales targets. Negotiate contracts and agreements with clients, ensuring favorable terms and conditions for Zomato
- Build and maintain strong, long-lasting relationships with key clients at Zomato.
- Collaborate with internal teams to develop strategic plans that align with client objectives and Zomato's business goals.
